

**Club Regency of Marco Island
Resort Update ■ 11/16/05**

The resort reopened on Saturday, November 12, 2005!

Though the past few weeks have been very trying, the staff and I are very happy to welcome you back to your beautiful resort. Your patience and understanding is appreciated as we continue to work to bring the resort back to pre-hurricane standards.

Please be aware that as our renovation efforts continue, there will be ongoing activity and noise associated with the projects underway.

Several unit windows and window screens still need replaced, roof work and landscaping needs to be completed, tennis court resurfacing and minor structural repairs must also occur. Although some of this work will be noisy, and a projected timeline for completion has not yet been finalized, we did not feel we should delay the reopening of the resort. Because of the many properties in need of repair throughout the region (and the fact that supplies and contractors are in extremely high demand), we will continue to allow our contractors to work at our resort every time supplies and labor are made available to us. We are hoping that everything will be completed by the end of the year.

There is extensive construction and ongoing cleanup throughout the Island ... and as such, your vacation experience may not be what you would normally expect on Marco Island. If you are a member of Hilton Grand Vacations Club or another vacation exchange program, you may consider contacting them for other options.
